Re: Ferrante Ranch Horsemanship and Reining Clinic

Dear Kathie and George:

The March 13th clinic was a tremendous success! On behalf of E.T.I. Corral 118, thank you ever so much. Because of your generous clinic, we were able to raise significant funds to help defray the burgeoning costs of putting on our open horse shows. We simply could not exist without the help of such generous sponsors such as The Ferrante Ranch.

The amount of information you both shared was staggering yet you presented it in a manner that was easy to comprehend and apply immediately. I was torn between watching the reining clinic conducted by Kathie and the horsemanship presentation given by George. The time and attention given to individual riders was extremely valuable and appreciated by them. I kept hearing comments about how much the participants enjoyed the clinic and the insights they gained from the one-on-one attention. There were repeat participants from your previous clinics who learned new things too.

Thank you, Kathie and George, for such an incredible clinic. The tri-tip barbeque luncheon was delicious as well. Dare we dream we can repeat this clinic next year? Your Horsemanship and Reining clinics are bright stars on Corral 118's reputation for excellence.

Sincerely,

Terri Meadows, Secretary
